JUNIOR FOOTBALL UPDATE #5

Hi All

On the back of my update No #4, please see the below latest messaging from the SMJFL.

Dear Presidents,

On the back of yesterday's State Government announcement around easing some restrictions the eight metropolitan leagues met with AFL Victoria today.

The current position around training is that no sanctioned training should take place until "return to training" protocols are established, put in place and accepted by leagues, clubs and local council alike.

AFL Victoria is establishing these protocols and we hope to have these in the near future.

A number of considerations around health & safety protocols and insurance need to be worked through prior to training being sanctioned.

We have also been advised that player transfers will be reopened soon and we will provide an update on both items as soon as this information comes to hand.

In short, there are still a number of items that need to be worked through before we can resume training safely and with the appropriate direction.

As soon as further updates come to hand I will advise accordingly.

Stay well and safe, and continue to observe the government's restrictions. We are in this together.

Regards

Nicki Spencer
